Julietta, wife of Mr. Harry Robinson, shipping clerk at the Buckeye glass

works, at Martin's Ferry, died at 9 o'clock last night at her home at the

To Keep the Peace.

Miss Josephine Hamilton, of the South Side, yesterday swore out two warrants

before Squire Rogers, one charging Mrs. Mary B. Carson with profane swearing,

and the other stating that she feared bodily harm from her. The profane

swearing charge was dismissed, and on the other Mrs. Carson was bound in the

sum of \$50 to keep the peace for a year.

It is Another Man.

In the published reports of the Prohibitory convention at Mountville it was

given out that H. P. McGregor, of this city, was nominated for presidential

elector. Mr. McGregor, upon returning from the east, did not like this.

The man nominated was H. B. McGregor, of Doddridge county, a brother

of H. P. McGregor, of Wheeling. Mr. McGregor, of this city, says he is a Republican, and does not wish to sail under false colors.

Narrow Escape of Miners.

There was a fall of soap stone in Morgan's coal mine, at Bellaire, yesterday morning, and Louis Long, Michael

L. Davis, Nelson Crowe and Andrew Stegar narrowly missed being killed

outright. They were in a coal car going in to work, when the soap stone

over the entry let go, catching all of them in the wagon. Long is pretty

badly hurt, but the others only sustained slight injuries. A little heavier

fall would have crushed all of them. A car with six miners in it just preceded the

unfortunate one.

PENINSULA CEMETERY.

The Cemetery Committee Discusses Some

Improvements.

The Council committee on cemeteries was called to meet yesterday evening,

but only three members responded to the call. There being no quorum present

no business could be transacted, but a desultory discussion of some of the

needs of the Peninsula took place. The contract for placing new water pipe in the

cemetery was not awarded. Whether to use galvanized iron or lead pipe the

committee has not yet decided.

Some of the committee are in favor of making gravel walks in the cemetery,

and some are in favor of tan bark, and in order to come to a decision on this

and other points, the committee will go out to the cemetery this evening, on the

six o'clock Terminal train.

The committee on real estate was to have met yesterday, but owing to no

quorum being present, could not meet.

DENNISON-PRINCE.

A Quiet Family Wedding on the Island.

Two Popular Young People United.

A quiet family wedding, but none the less beautiful, was the marriage yesterday evening of Mr. Frank V. Denison,

of Clarksburg, to Miss Mattie Prince, oldest daughter of Captain Thomas Prince, of the Island.

The immediate relatives and nearest friends of the bride and groom were present at the ceremony, which took

place promptly at 9 o'clock.

At the hour named the bridal party entered the parlor to the strains of Mendelssohn's wedding march, excellently

played on the piano by Miss Anna Ball, a cousin of the bride. The bride and

groom stepped forward and in a few brief moments were made one by Rev. J. W. Grimes, of Mountville. The

joyous strains of the bridal chorus from Lohengrin broke the stillness that followed the completion of the

ceremony. The rare blonde beauty of the bride was enhanced by the costume

she wore, which was white silk, trimmed in lace and ribbons to match,

with demi-train. She carried a magnificent bunch of white roses.

After the ceremony followed the congratulations of the assembled guests. Some beautiful presents were shown.

An elegant supper had been provided, and the viands were discussed amid the merriment incident to the occasion.

At midnight the bridal party was driven to the B. & O. depot and left on the

12:25 train for Clarksburg, the old home of the groom. From there they will

continue their bridal tour through the east, returning in about two weeks.

They will take up their abode for the time being at the bride's home, her father's house on North York street.

The bride is the beautiful and accomplished daughter of Capt. Thomas Prince, the popular, wealthy and enterprising steamboat proprietor. Miss

Mattie had endeared herself to all her friends and associates by her kindness of heart and sweetness of disposition,

and they will regret to lose her from among their ranks, though wishing her the best success in the new life before

her.

Among those present from abroad were Mrs. J. W. Grimes, of Mountville; Mrs. Juengling, of Natchez, Miss., and Miss Jennie Hammett, of Pittsburgh.

SKILLED GLASSWORKERS.

From Martin's Ferry will Run an Exhibit at the World's Fair.

Several Martin's Ferry glassworkers will make glass at the World's Fair at Chicago. Four of these already selected

and employed to do this are Nicholas Walters, Michael Smith, John Little-

son and John Hoar. They have been working at the Northwood Glass Works,

which will move to Elwood, Pa. Walters, who is a finisher, is the finest

workman in the Ohio Valley, if not in the United States. Smith is a servitor,

Littleson is a blower and Hoar is a gatherer.

They will work at Libby's at Toledo until May 1, when they will go to Chicago and work in the World's Fair

works to be built and operated by Libby & Co., of Toledo. The glass works will

be complete in every respect, having a 10-pot furnace, John, glory holes, cutting, engraving, decorating, etching departments, etc. The glass plant will

cost about \$50,000 and will be the property of Libby & Co. About 100 persons will be employed. This firm expects to

sell every piece of glass made during the fair and will probably make money.

This will be a great advertisement for the Libby glass works. The firm is to be congratulated on securing the services of Mr. Walters and the other three gentlemen, and the four are glad because they are to show the people of the world how glass is manufactured.

Libby & Co. have the permission of the Glassworkers' Union to make glass at the World's Fair during the summer stop.
